The Garage- SYA's most popular service for the private collector, a discreet way to market your car to the right audience while protecting your privacy.

SYA gathers all the facts and photos from seller that will be helpful in selling your automobile, including an owner conducted vehicle inspection.

SYA writes a compelling description with an unlimited number of photos and showcases it in our private, invitation only showroom UNTIL IT IS SOLD.

SYA pro - actively markets your vehicle outside normal advertising channels, contacting our private network of collectors, clubs, and enthusiasts.

SYA handles all inquiries, price negotiations, and complete the transaction with the buyer so Seller does not have to.

Seller has control of the selling price by setting an acceptable floor(reserve price) in the beginning and giving final acceptance of the offer. Seller then makes arrangements with the Buyer to transfer the vehicle.

\$75 fee is non-refundable. 5% commission is based on actual final sale price of vehicle. All pricing is subject to the terms of the Seller Listing Agreement.

The Assistant - This service is for the busy professional who does not have the time or wishes to avoid the hassle of handling any part of the sale. Your car gains maximum exposure to the right audience.

SYA gathers all the facts and photos from Seller that will be helpful in selling the automobile, including an owner conducted vehicle inspection.

SYA writes a compelling advertisement with up to 10 oversized photos provided by Seller and showcases the vehicle in our specialty showrooms UNTIL IT IS SOLD.

SYA advertises Seller's vehicle to a targeted market of millions through national publications like Hemmings, duPont Registry, AutoWeek, and Deals and Wheels depending on the vehicle.

SYA handles all inquiries, price negotiations, and completes the transaction with the buyer so Seller does not have to.

The Auctioneer - Take advantage of our successful track record in conducting on-line auctions. Don't wait for the next big car show. On-line auctions are happening 24x7 all year round! This is the quickest way to turn your collector car into money in the bank.

SYA gathers all the facts and photos that will be helpful in selling the vehicle, including an owner conducted vehicle inspection.

SYA designs an effective vehicle feature page with up to 24 oversize photos and run it on Ebay Motors, or similar online auction house AND in our specialty showrooms.

SYA recruits prospective bidders who have expressed interest in similar items and draw them to your auction.

SYA conducts all aspects of the auction, fields questions, handles deposit monies as well as arranges final inspection and delivery of the automobile.

SYA has command of the selling price with a reserve set at auction. If it doesn't meet Seller's price, SYA does not sell it.

SYA will post the auction a second time for an additional \$75.00 if the vehicle doesn't sell the first time. Most auctions last 7 days and sell the first time.

\$75 fee is non-refundable. 5% commission is based on actual final sale price of vehicle. All pricing is subject to the terms of the Seller Listing Agreement.

The Walkthrough* - This is a pre-sale inspection and photo service designed to save much time and get the sale of your vintage car going quickly. To ensure an accurate representation and marketing of your vehicle, SYA follows the following steps:

Professional, in person consultation on prepping the car for sale

Conduct a comprehensive visual inspection of the vehicle

Check all instrumentation for proper operation

Complete photo spread, showing off the car top to bottom, inside and out

Inventory all available documentation

Check the engine and mechanicals for obvious flaws and test-drive the car

\$149.99 fee is non-refundable.

* Subject to regional availability. Price may vary by location. This inspection is designed to objectively assess the vehicle in preparation for sale. It does not verify authenticity of ownership or original condition, provide an appraised value for insurance or financing purposes, or act as a substitute for a mechanical inspection by an ASE certified mechanic.
